The Meadow, 2009 Edition

Yard of the Month

Congratulations to Mr. & Mrs. J. Padia for a yard well kept.

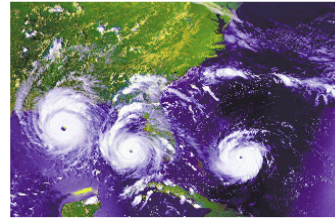

Pool Tag Procedure

Anyone entering the wrought iron fence must be prepared to show a current pool tag. This includes: observers, parents, swimmers, etc. Everyone must sign in; file their tag or tags in the **GREEN** recipe box which is alphabetized by last name. When you are leaving the pool, be sure you sign out and take your pool tag with you. Remember, there is a .50 cent fee for guests to be paid on arrival.

HBTM Play Group

Are you looking for a playgroup? The group will meet every Tuesday at noon at the pool. This is a great opportunity for your children to make friends along with their families.

Hurricane Season

Hurricane season is upon us. Do you have a disaster plan? Have you put together a disaster supply kit? Below are some tips on planning for both. We all remember Ike and the devastation it caused. Prepare ahead.

Disaster Plan

Establish escape routes and places to meet.
Post emergency numbers by your phone.
Choose an out-of-state family member as a point of contact in an emergency.

Stock up on non-perishable supplies and put together a Disaster supply Kit.

Disaster Supply Kit

- Water, Food, Clothing
- First aid Kit
- Cash, Keys
- Fueled Vehicles
- Flashlights and batteries
- Prescription drugs
- Important documents

We hope all fathers in the community have a Happy Father's Day!

Dog Bite Prevention

As a parent and dog owner myself, I teach my children the do's and don't of dog safety. Below are some reminders on what to do if a dog would approach. **Don't Turn and Run** - keep in mind dogs naturally love to chase and catch things. **Stand Still** - keep your hands to your side. In most cases, the dog will go away when it determines you are not a threat. **Don't put your hand out** - allow the dog to approach to sniff you. **Don't Scream** - if you say anything, speak calmly and firmly. **Face the dog at all times** - Don't stare, avoid eye contact. **Back away slowly** - Watch the dog from the corner of your eye until the dog is out of sight. **Block the animals**

teeth - If a dog attacks, "feed" him your jacket, purse, bicycle, or anything that you can put between yourself and the dog.

Fetal Position - If you fall or get knocked to the ground, curl into a ball with your hands over your ears and remain motionless. Try not to scream or roll around. Take time to share these points with your children.
